VARIETY: 100% Sauvignon Blanc

ABV: 12.14% | RS: <0.1% | pH: 3.36 | TA: 6.14

BOTTLED: February 2022 | PRODUCTION: 491 cases

Price \$33.00

WINEMAKING

For bright acidity, grapes were harvested early. Fermented and aged with battonage for 17 months in 500L French oak puncheons. Measures were taken to ensure the wine was kept in a non-reductive environment. Fermentation was done in barrel using a combination of both commercial and indigenous yeast.

TASTING NOTE

The wine imparts nuanced complexity and rich texture that is balanced by its fresh, lifting acidity. Sauvignon Blanc is a versatile food pairing option, and will continue to age well in the bottle over the next few years.
